16TH YEAR. NO. 163.

EAST LIVERPOOL, O., WEDNESDAY, DECEMBER 19, 1900.

TWO CENTS

MAY ORGANIZE CITY POOR BOARD

The State of Affairs Which Now Exists In Regard to Caring For

THE POOR OF THE CITY

Township Trustees Levy a Tax From the Whole City and Pay a

PHYSICIAN SO MUCH PER YEAR

Yesterday the infirmary directors asked Prosecuting Attorney Brookes for an opinion as to whether it was their place to care for the parties in this city who are ill with diphtheria and have no funds to pay for a physician.

Prosecuting Attorney Brookes ruled that they had nothing to do with the cases, and found his authority in sections 2115 and 2116, R. S. O.

When it came to the differences between the township trustees and the board of health he gave no opinion, as he has nothing to do with the city case.

The township trustees at present levy a tax from the whole city, with the understanding that they shall care for the city poor cases. They also pay Dr. O. D. Shay a yearly salary of over \$100 for taking charge of the cases, but it is understood that he asks an extra fee for handling diphtheria cases.

The city has no poor fund, and it is argued that it is the duty of the township trustees to look after the poor, and by all laws of equity and justice it is clearly their duty to do so.

The recent agitation may have the effect of establishing a poor board in this city, whose duty it shall be to look after the city poor. The tax levy from the city that now goes into the hands of the trustees would then go into the hands of the poor board and the trustees would have nothing to do but look after the township roads and the township proper.

It is more than probable that an ordinance will be introduced into council soon to make the necessary provisions.

Every year the trustees hire a physician to care for the city poor, and are supposed to award the contract to the lowest bidder.

If the poor board ordinance passes then it would hardly be necessary for the trustees to have a physician.

In the case of Harry Challis, mentioned yesterday, it seems a misunderstanding occurred. Mr. Challis never asked for the township physician, Dr. O. D. Shay, as Dr. W. A. Hobbs had been attending the family and continues to do so.

The reason Mr. Challis stated that he could not get a physician was because a new case developed in the house within 12 hours, and he was quarantined and had no person to send for a doctor.

He never discharged his physician, and while not a rich man, is able to pay for the care of his children. He did make the assertion that, inasmuch as he was quarantined and unable to work, that he thought it nothing but right that the city should pay for the anti-toxine, which is very expensive.

INFORMAL DISCUSSION.

MEMBERS OF COUNCIL PARTICIPATED IN A DEBATE

In Regard to the Street Railway And Electric Light Service in the City.

Monday evening while waiting for a quorum the members of council present entered into a discussion of the street car accident and the electric lights.

Various ideas for making the Calcutta road line safe for travel were suggested, and the unanimous opinion seemed to be that double trucks should be used on the car for that route.

It was also decided that a brake like the one used on the ill-fated car would not do, and the suggestion made that a row of spikes be used instead.

The conversation then drifted to the electric lights and one member remarked that it was very dark even when they were burning. He asked what the company was doing to remedy the defect and received the assurance that an expert was now here at work.

Another councilman remarked that the system at present was only an experiment, and council should not pay for the light while the company was experimenting.

Still another member ventured the assertion that if an expert would be engaged to ascertain the candle power of the lights he would find them far short of the required power.

The discussion finally ended with the statement that the matter should be brought up at a no distant date.

WHO RETIRES.

A List of the Councilmen Whose Terms Will Expire Next Spring.

Next spring the city will elect five new councilmen, and the members of the present council whose terms expire are:

First ward, Harvey McHenry; Second ward, J. T. Smith; Third ward, George Peach; Fourth ward, F. L. Fisher; Fifth, J. L. Arnold.

It is altogether too early to make any announcements, but it is expected there will be plenty of candidates in the field.

Of the above list, Harvey McHenry and F. L. Fisher are Democrats.

POLICE COURT.

Doe Fortune is again a prisoner at city hall. Doe filled up with booze, and, going to the home of his wife, proceeded to get very disorderly. The police were called, but he was hustled away by one of the boarders and was later found by Officer Dawson sleeping in a chair at city hall and he was locked up.

When he faced the mayor this morning he pleaded guilty to a charge of intoxication and was fined \$5 and costs, amounting to \$9 60. If he does not pay his fine by this evening he will be taken to the Canton workhouse tomorrow morning.

The mayor stated this morning that any person caught taking gravel from the bank at the old cemetery will be arrested and prosecuted to the full extent of the law.

The Christmas War Cry.

The Christmas edition of the War Cry is now out, and it is a beauty, being handsomely illustrated and having a splendid picture of the dinner given last year to the New York city poor.

It is well worth the five cents asked for it.

BRUNT CASE NOW ON TRIAL

Administrator of the Estate of Dudley E. Lee Seeks to Obtain Damages

IN THE SUM OF \$10,000

For the Death of Lee, Who Was Shot by Brunt Two Years Ago.

THE CASE IS STILL ON TRIAL

Lisbon, Dec. 19.—(Special.)—When yesterday's session of court closed the prosecution in the case against George F. Brunt, of East Liverpool, had called its last witness, with the exception of such as might be called in rebuttal. However, when court convened at 9 o'clock this morning, Judge Smith, on behalf of the prosecution, reopened the case and recalled Witness McCoy, the former mayor of Cadiz, where the murdered young man lived before coming to East Liverpool. His evidence did not bear directly upon the case. Rev. Lee, the father of Dudley Lee, was next called in regard to having paid the funeral expenses of his son. He testified that he had, and that it cost him \$91.

All evidence adduced on behalf of the prosecution was along the line of that given at the former trial when George F. Brunt was on trial for his life, for the killing of Lee.

Rev. H. W. Lee and wife, father and mother of the murdered boy, went upon the stand today and testified to the good habits of their son in regard to sobriety and industry.

Mrs. Lee told the court that he had been the support of their family during the frequent absences of her husband while out on his circuit. Mrs. Lee proved to be one of the best witnesses produced by the prosecution in their endeavor to disprove the statement made by the defense as to the intemperate habits of Lee.

When court opened this morning the court room was fairly crowded. The evidence first adduced was given by a number of witnesses, principally from Cadiz, the former home of the deceased, as to his habits as to sobriety.

When court opened this afternoon Mrs. Brunt, the wife of the defendant, was placed upon the stand and with a chart which was placed before her she demonstrated the plat of their home and the scene on which the killing of Lee had occurred. Mrs. Brunt made a good witness.

Mr. Brunt will be next placed upon the stand, and it is thought that these two important witnesses will occupy the greater part of the afternoon.

THE INQUEST.

It Will be Conducted Tomorrow Morning at 10 o'clock by Justice Rose.

The inquest on the death of Motorman James Christie will be held in the office of Justice J. N. Rose on Thursday morning at 10 o'clock.

The justice will conduct the inquest and up to the present some 15 witnesses have been subpoenaed, both Constables Powell and Miller being busily engaged all of yesterday afternoon serving summonses.

It is probable a number of others

will be subpoenaed between now and the time set for the taking of testimony.

PALESTINE FIRE.

DECORATING SHOPS OF OHIO CHINA COMPANY DESTROYED.

F. A. Sebring Places the Loss at \$20,000, But it is Fully Covered by Insurance.

East Palestine, Dec. 19.—(Special.)—This morning about 2 o'clock fire was discovered in the decorating department of the Ohio China company's plant and before it could be extinguished the entire decorating shop was a total ruin.

F. A. Sebring places their loss at \$20,000, fully covered by insurance.

As soon as the adjustors arrive and fix the loss work will be commenced rebuilding. In the meantime work will be continued in the white ware department.

ELECTED OFFICERS.

The Grocery Clerks Held a Very Interesting Meeting Last Night And Heard a Report.

The grocery and butcher clerks elected officers at the regular meeting last night, and they are as follows:

President, F. W. Woods; first vice president, E. C. Finneum; second vice president, James Logan; recording secretary, D. M. McLane; financial secretary, F. G. Kuckert; treasurer, William Adams; guide, Charles Brown; guardian, Orrin Jackson.

The officers will be installed at the regular meeting the first Tuesday in January.

A committee was appointed some time ago to confer with the employing grocers for the purpose of negotiating for the closing of their places on Christmas day. The committee reported that the grocers had held no meetings, and it was impossible to act further.

It was decided by resolution that the grocery clerks should not work on that day, and that the employers be so informed.

REARK APPEALED.

He Went to the Court of Justice McLane And Asked That the Barnes Case Be Tried.

Henry Reark, bondsman for John Barnes, made his appearance at McLane's court last evening and wanted to know when his friend would be given a trial.

The justice informed him that the matter was entirely out of his hands, as Barnes had been bound over to court. Reark said he would refuse to stay on his bond, but the squire guessed he would, and has definitely decided to allow the case to take its regular course.

THE HORSE FELL

And the Tongue of John Anderson's Wagon Was Broken in Pieces.

John Anderson, who conducts a dairy near the Riverview cemetery, had a bad mishap yesterday while coming to town for his morning delivery.

When at a point near the cemetery one of the horses fell, breaking the tongue of the wagon completely in two and injuring the horse.

Mr. Anderson was compelled to unhitch his team and bring the wagon to town for repairs.

DAVIDSON OBJECTS TO SUNDAY WORK

Mayor Wants People to Know That He Has an Office In Which

HE TRANSACTS BUSINESS

Don't Want Them Coming to His House With Their Tales of Woe

AND HE WILL NOT HAVE IT

Mayor W. C. Davidson has been annoyed almost beyond endurance lately by residents with petty complaints, and he has determined to put a stop to the practice of calling at his home with their troubles.

In speaking to a reporter of the matter Mayor Davidson said: "I have no objections to listening to any complaint, no matter how trivial so long as it is done at the proper time and place. Why I have left my home many a night at 3 and 4 o'clock in the morning to accommodate people, and will continue to do so, but what I do object to is people coming to my home on Sunday, and annoying me with affairs of little or no importance, that could as well be attended to on Monday during office hours. Several cases of this kind have occurred recently, and it may just as well be understood first as last."

The mayor devotes his entire time to the business of the office throughout the week, and thinks—and rightly, too—that it is a trifle out of reason to expect him to listen to petty quarrels and disputes, usually involving small children on Sunday.

The Christmas War Cry.

The Christmas edition of the War Cry is now out, and it is a beauty, being handsomely illustrated and having a splendid picture of the dinner given last year to the New York city poor.

It is well worth the five cents asked for it.

BRUNT CASE NOW ON TRIAL

Administrator of the Estate of
Dudley E. Lee Seeks to Ob-
tain Damages

IN THE SUM OF \$10,000

For the Death of Lee, Who Was
Shot by Brunt Two Years
Ago.

THE CASE IS STILL ON TRIAL

Lisbon, Dec. 19.—(Special)—When yesterday's session of court closed the prosecution in the case against George F. Brunt, of East Liverpool, had called its last witness, with the exception of such as might be called in rebuttal. However, when court convened at 9 o'clock this morning, Judge Smith, on behalf of the prosecution, reopened the case and recalled Witness McCoy, the former mayor of Cadiz, where the murdered young man lived before coming to East Liverpool. His evidence did not bear directly upon the case. Rev. Lee, the father of Dudley Lee, was next called in regard to having paid the funeral expenses of his son. He testified that he had, and that it cost him \$91.

All evidence adduced on behalf of the prosecution was along the line of that given at the former trial when George F. Brunt was on trial for his life, for the killing of Lee.

Rev. H. W. Lee and wife, father and mother of the murdered boy, went upon the stand today and testified to the good habits of their son in regard to sobriety and industry.

Mrs. Lee told the court that he had been the support of their family during the frequent absences of her husband while out on his circuit. Mrs. Lee proved to be one of the best witnesses produced by the prosecution in their endeavor to disprove the statement made by the defense as to the intemperate habits of Lee.

When court opened this morning the court room was fairly crowded. The evidence first adduced was given by a number of witnesses, principally from Cadiz, the former home of the deceased, as to his habits as to sobriety.

When court opened this afternoon Mrs. Brunt, the wife of the defendant, was placed upon the stand and with a chart which was placed before her she demonstrated the plat of their home and the scene on which the killing of Lee had occurred. Mrs. Brunt made a good witness.

Mr. Brunt will be next placed upon the stand, and it is thought that these two important witnesses will occupy the greater part of the afternoon.

THE INQUEST.

It Will be Conducted Tomorrow Morn-
ing at 10 o'Clock by Justice
Rose.

The inquest on the death of Motor-man James Christie will be held in the office of Justice J. N. Rose on Thursday morning at 10 o'clock.

The justice will conduct the inquest and up to the present some 15 witnesses have been subpoenaed, both Constables Powell and Miller being busily engaged all of yesterday afternoon serving summonses.

It is probable a number of others

will be subpoenaed between now and the time set for the taking of testimony.

PALESTINE FIRE.

DECORATING SHOPS OF OHIO
CHINA COMPANY DESTROYED.

F. A. Sebring Places the Loss at \$20,-
000, But it is Fully Covered by
Insurance.

East Palestine, Dec. 19.—(Special)—This morning about 2 o'clock fire was discovered in the decorating department of the Ohio China company's plant and before it could be extinguished the entire decorating shop was a total ruin.

F. A. Sebring places their loss at \$20,000, fully covered by insurance.

As soon as the adjustors arrive and fix the loss work will be commenced rebuilding. In the meantime work will be continued in the white ware department.

ELECTED OFFICERS.

The Grocery Clerks Held a Very In-
teresting Meeting Last Night And
Heard a Report.

The grocery and butcher clerks elected officers at the regular meeting last night, and they are as follows:

President, F. W. Woods; first vice president, E. C. Finneum; second vice president, James Logan; recording secretary, D. M. McLane; financial secretary, F. G. Kuckert; treasurer, William Adams; guide, Charles Brown; guardian, Orrin Jackson.

The officers will be installed at the regular meeting the first Tuesday in January.

A committee was appointed some time ago to confer with the employing grocers for the purpose of negotiating for the closing of their places on Christmas day. The committee reported that the grocers had held no meetings, and it was impossible to act further.

It was decided by resolution that the grocery clerks should not work on that day, and that the employers be so informed.

REARK APPEALED.

He Went to the Court of Justice McLane And Asked That the Barnes Case Be Tried.

Henry Reark, bondsman for John Barnes, made his appearance at McLane's court last evening and wanted to know when his friend would be given a trial.

The justice informed him that the matter was entirely out of his hands, as Barnes had been bound over to court. Reark said he would refuse to stay on his bond, but the squire guessed he would, and has definitely decided to allow the case to take its regular course.

When at a point near the cemetery one of the horses fell, breaking the tongue of the wagon completely in two and injuring the horse.

Mr. Anderson was compelled to unhitch his team and bring the wagon to town for repairs.

DAVIDSON OBJECTS TO SUNDAY WORK

Mayor Wants People to Know
That He Has an Office
In Which

HE TRANSACTS BUSINESS

Don't Want Them Coming to His
House With Their Tales
of Woe

AND HE WILL NOT HAVE IT

Mayor W. C. Davidson has been annoyed almost beyond endurance lately by residents with petty complaints, and he has determined to put a stop to the practice of calling at his home with their troubles.

In speaking to a reporter of the matter Mayor Davidson said: "I have no objections to listening to any complaint, no matter how trivial so long as it is done at the proper time and place. Why I have left my home many a night at 3 and 4 o'clock in the morning to accommodate people, and will continue to do so, but what I do object to is people coming to my home on Sunday, and annoying me with affairs of little or no importance, that could as well be attended to on Monday during office hours. Several cases of this kind have occurred recently, and it may just as well be understood first as last."

The mayor devotes his entire time to the business of the office throughout the week, and thinks—and rightly, too—that it is a trifle out of reason to expect him to listen to petty quarrels and disputes, usually involving small children on Sunday.

NEW SUPERINTENDENT

OF THE MANSFIELD REFORMATORY WILL BE APPOINTED.

Board of Managers Held a Conference With Governor Nash Relative to the Matter.

Governor Nash and the members of the board of managers of the state reformatory at Mansfield held a conference at the governor's office on Tuesday to consider the question of the selection of a successor to W. E. Sefton, superintendent of the institution, who has indicated his intention of resigning his position, and whose formal resignation is expected soon.

The choice will probably lie between J. A. Leonard, of Youngstown; H. A. Thomas, of Ashland; T. C. Burns, of Lima, and B. S. Taylor, of Newark. It is thought that Mr. Leonard has the best chance of appointment.

Governor Nash said yesterday that Mr. Sefton is desirous of tendering his resignation on account of ill health. He expressed to the governor his wish to retire from the management of the institution more than a month ago. Numerous other changes will probably follow.

The annual report of the reformatory was submitted to the governor, but was returned to the board of managers for certain corrections. Governor Nash said that nothing is radically wrong with the report, but that there are some minor errors in the footing of columns of figures.

The board will meet at Mansfield today, and it is supposed that the new superintendent will be selected. The report will be formally filed within a day or two.

HAD A DISPUTE.

John Cornwall And Alex Chaffin Indulge in an Altercation Over a Debt.

John Cornwall and Alex Chaffin had some trouble yesterday, and as a result Cornwall was arrested this morning.

The latter claimed Chaffin owed him \$2.75 for labor performed some time ago, and yesterday he went after the money.

Chaffin acknowledged the debt, but refused to pay it, and Cornwall followed him about all afternoon and the pair finally brought up in the city proper.

By this time Chaffin began to be alarmed for his safety, as Cornwall was making threats and otherwise abusing him. He went to the office of Justice McLane and had a warrant issued for the arrest of Cornwall. Chaffin then telephoned to the East End for a body guard and went home.

Didn't Arrive in Time.

The Crafts arrived home from Steubenville last night, but the father did not arrive in time to prevent the marriage taking place. He served notice on the judge and squire who performed the ceremony that he proposed prosecuting them.

Young Craft is not of age, but it has been decided to let matters rest as they are, provided the young man contributes to the support of the family.

A Good Seller.

The pastor of the Second U. P. church is very popular, judging from the way his photos sold at the bazaar last night. The large supply was entirely exhausted and many orders were left to be filled when more can be procured.

East End Notes.

Miss Daisy Lemmon, of Mulberry street, is on the sick list.

A high gloss collar machine was placed in the American Steam Laundry yesterday and the new appliance is most satisfactory.

Several other members of the family are afflicted with the disease.

WINE OF CARDUI

Cairo, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. I was in bed when I got the bottle of Wine of Cardui. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardui.

TO OUR FRIENDS.

We have friends who are politicians, and they are good and clean men and good citizens. Some of this number are aspirants for office. To all such we sound a note of warning: "Ware the slime of the fellow who claims to hold the labor vote in his pocket, and demands that you shall pay him a stipulated sum for the delivery of the same."

Such a creature is a shame and a disgrace to the American working-man and the average unionist. The genuine American toiler is a student—a reader and a thinker. He thinks and acts and votes to suit himself, within the law, and allows no ward heeler or political wire puller to cast his ballot for him. The sot or drunkard, who allows himself to be bought and sold for a drink or two, is not a representative toiler, by any manner of means. Such a miserable creature is a disgrace to any occupation, and his occupation is of precarious tenure, as no sound or successful business man will employ him if he can obtain better material. Fair warning to our friends, and to politicians who are aiming to secure the votes of honest and honorable men in the various avocations of industry: "Don't permit the professional ward heeler and pot-house politician to bleed you. He cannot deliver the goods. There are several of him in East Liverpool.

WEDNESDAY, DECEMBER, 19, 1900.

TO OUR FRIENDS.

We have friends who are politicians, and they are good and clean men and good citizens. Some of this number are aspirants for office. To all such we sound a note of warning: "Ware the slime of the fellow who claims to hold the labor vote in his pocket, and demands that you shall pay him a stipulated sum for the delivery of the same."

Such a creature is a shame and a disgrace to the American working man and the average unionist. The genuine American toiler is a student—a reader and a thinker. He thinks and acts and votes to suit himself, within the law, and allows no ward heeler or political wire puller to cast his ballot for him. The sot or drunkard, who allows himself to be bought and sold for a drink or two, is not a representative toiler, by any manner of means. Such a miserable creature is a disgrace to any occupation, and his occupation is of precarious tenure, as no sound or successful business man will employ him if he can obtain better material. Fair warning to our friends, and to politicians who are aiming to secure the votes of honest and honorable men in the various avocations of industry: "Don't permit the professional ward heeler and pot-house politician to bleed you. He cannot deliver the goods. There are seven of him in East Liverpool.

ENFORCE THE LAW.

If the Ohio Cigarette Law Was Enforced the Habit Would be Diminished Considerably.

The teachers in the public schools claim the worst form of intemperance with which they have to contend is the cigarette habit. From the number of small boys seen on our streets indulging in this habit it is evident that there are those in our midst not obeying the tobacco and cigarette law, which is as follows:

"Be it enacted by the general assembly of the state of Ohio, that whoever sells, gives or furnishes to any minor under sixteen years of age any cigarette, cigarette wrapper, or any substitute for either, or any cigar or tobacco, upon conviction thereof shall be fined not less than twenty-five dollars nor more than one hundred dollars or imprisoned not less than two nor more than thirty days or both for the first offense, and fined not less than fifty dollars nor more than three hundred dollars, and imprisoned not less than five nor more than sixty days for the second or any subsequent offense."

Passed March 17, 1896.

There are those now interesting themselves in this matter and it might be well for violators to take warning.

FRAZIER'S SHOE PARLOR,

167 Fifth Street,

East Liverpool, Ohio.

KNOCKED HIM DOWN.

He Grossly Insulted a Woman And Was Promptly Punched in an Elaborate Manner.

A resident of East Liverpool got into trouble lately in consequence of his nasty use of an unruly tongue. We have it from good authority that the said resident stepped into a place of business in the lower part of the city, and took occasion to apply some very vile epithets to the lady in charge of affairs. She naturally resented the insult vehemently and reached for a revolver, when the fellow, evidently fired with Dutch courage on account of the booze he had imbibed, launched forth in a tirade too filthy for publication and far too dirty for a civilized being to make use of. There was a colored man present, and, to his honor be it said, he promptly knocked the blackguard down, and ejected him from the place.

The boozier and woman insulter then made his way to the residence of Mayor Billy Davidson and desired to make an information against what he termed his assailant. But one of the rules of Mayor Davidson's official life is never to take the complaint of a drunken man or woman, and the fellow, who is quite prominent in this city, was compelled to go without the gratification of vengeance.

When he sobered up, he had somewhat better sense, and he discovered that he was in a very nasty predicament, as the husband of the lady was on the warpath and there was blood on the moon. And now it is said that it required all the influence of certain interested parties to avoid very serious consequences, and the full airing of the affair in our police courts. Truly, booze makes blackguards out of men who might otherwise be considered decent and respectable. The sooner the lid of secrecy is lifted from the actions of such so-called men the better for society at large. This paper is no respecter of persons when it comes to a matter of good citizenship. The law-abiding, honest and sober laborer is just as good a man as is the millionaire; and he is a thousand fold better man and citizen than the man of wealth, if that man of wealth be a drunken blackguard and woman insulter. If the law permitted us to do so, we would be glad to publish the name of the fellow in question.

A GOOD APPETITE.

Councilman John Arnold Tells a Good Story on a Witness in the Reynolds Case.

Freddie Grim, of the Klondike, was one of a party of East End people who attended the trial of William Reynolds at Lisbon the other day, and Arnold is authority for the following:

The party put up at one of the Lisbon hostleries and upon retiring the young man complained of being hungry. He had never eaten at a hotel before and said he was not on to the new fangled methods. The official assured him he should be taken care of in the morning. When breakfast time came the guests of the hotel were entertained for about an hour while Grim consumed the following layout:

Sixteen wheat cakes, 6 cups of coffee, 2 pints of milk, 3 bowls of rolled oats, 1 plate of bread, 4 steaks, 6 sausages, 4 plates of potatoes.

Freddie was then able to attend court.

THE EVENING NEWS REVIEW.

16TH YEAR. NO. 163.

EAST LIVERPOOL, O., WEDNESDAY, DECEMBER 19, 1900.

TWO CENTS

MAY ORGANIZE CITY POOR BOARD

The State of Affairs Which Now
Exists In Regard to Car-
ing For

THE POOR OF THE CITY

Township Trustees Levy a Tax
From the Whole City and
Pay a

PHYSICIAN SO MUCH PER YEAR

Yesterday the infirmary directors asked Prosecuting Attorney Brookes for an opinion as to whether it was their place to care for the parties in this city who are ill with diphtheria and have no funds to pay for a physician.

Prosecuting Attorney Brookes ruled that they had nothing to do with the cases, and found his authority in sections 2115 and 2116, R. S. O.

When it came to the differences between the township trustees and the board of health he gave no opinion, as he has nothing to do with the city case.

The township trustees at present levy a tax from the whole city, with the understanding that they shall care for the city poor cases. They also pay Dr. O. D. Shay a yearly salary of over \$100 for taking charge of the cases, but it is understood that he asks an extra fee for handling diphtheria cases.

The city has no poor fund, and it is argued that it is the duty of the township trustees to look after the poor, and by all laws of equity and justice it is clearly their duty to do so.

The recent agitation may have the effect of establishing a poor board in this city, whose duty it shall be to look after the city poor. The tax levy from the city that now goes into the hands of the trustees would then go into the hands of the poor board and the trustees would have nothing to do but look after the township roads and the township proper.

It is more than probable that an ordinance will be introduced into council soon to make the necessary provisions.

Every year the trustees hire a physician to care for the city poor, and are supposed to award the contract to the lowest bidder.

If the poor board ordinance passes then it would hardly be necessary for the trustees to have a physician.

In the case of Harry Challis, mentioned yesterday, it seems a misunderstanding occurred. Mr. Challis never asked for the township physician, Dr. O. D. Shay, as Dr. W. A. Hobbs had been attending the family and continues to do so.

The reason Mr. Challis stated that he could not get a physician was because a new case developed in the house within 12 hours, and he was quarantined and had no person to send for a doctor.

He never discharged his physician, and while not a rich man, is able to pay for the care of his children. He did make the assertion that, inasmuch as he was quarantined and unable to work, that he thought it nothing but right that the city should pay for the anti-toxine, which is very expensive.

INFORMAL DISCUSSION.

MEMBERS OF COUNCIL PARTICI-
PATED IN A DEBATE

In Regard to the Street Railway And
Electric Light Service in
the City.

Monday evening while waiting for a quorum the members of council present entered into a discussion of the street car accident and the electric lights.

Various ideas for making the Calcutta road line safe for travel were suggested, and the unanimous opinion seemed to be that double trucks should be used on the car for that route.

It was also decided that a brake like the one used on the ill-fated car would not do, and the suggestion made that a row of spikes be used instead.

The conversation then drifted to the electric lights and one member remarked that it was very dark even when they were burning. He asked what the company was doing to remedy the defect and received the assurance that an expert was now here at work.

Another councilman remarked that the system at present was only an experiment, and council should not pay for the light while the company was experimenting.

Still another member ventured the assertion that if an expert would be engaged to ascertain the candle power of the lights he would find them far short of the required power.

The discussion finally ended with the statement that the matter should be brought up at a no distant date.

WHO RETIRES.

A List of the Councilmen Whose
Terms Will Expire Next
Spring.

Next spring the city will elect five new councilmen, and the members of the present council whose terms expire are:

First ward, Harvey McHenry; Second ward, J. T. Smith; Third ward, George Peach; Fourth ward, F. L. Fisher; Fifth, J. L. Arnold.

It is altogether too early to make any announcements, but it is expected there will be plenty of candidates in the field.

Of the above list, Harvey McHenry and F. L. Fisher are Democrats.

POLICE COURT.

Doe Fortune is again a prisoner at city hall. Doe filled up with booze, and, going to the home of his wife, proceeded to get very disorderly. The police were called, but he was hustled away by one of the boarders and was later found by Officer Dawson sleeping in a chair at city hall and he was locked up.

When he faced the mayor this morning he pleaded guilty to a charge of intoxication and was fined \$5 and costs, amounting to \$9 60. If he does not pay his fine by this evening he will be taken to the Canton workhouse tomorrow morning.

The mayor stated this morning that any person caught taking gravel from the bank at the old cemetery will be arrested and prosecuted to the full extent of the law.

The Christmas War Cry.

The Christmas edition of the War Cry is now out, and it is a beauty, being handsomely illustrated and having a splendid picture of the dinner given last year to the New York city poor.

It is well worth the five cents asked for it.

BRUNT CASE NOW ON TRIAL

Administrator of the Estate of
Dudley E. Lee Seeks to Ob-
tain Damages

IN THE SUM OF \$10,000

For the Death of Lee, Who Was
Shot by Brunt Two Years
Ago.

THE CASE IS STILL ON TRIAL

Lisbon, Dec. 19.—(Special)—When yesterday's session of court closed the prosecution in the case against George F. Brunt, of East Liverpool, had called its last witness, with the exception of such as might be called in rebuttal. However, when court convened at 9 o'clock this morning, Judge Smith, on behalf of the prosecution, reopened the case and recalled Witness McCoy, the former mayor of Cadiz, where the murdered young man lived before coming to East Liverpool. His evidence did not bear directly upon the case. Rev. Lee, the father of Dudley Lee, was next called in regard to having paid the funeral expenses of his son. He testified that he had, and that it cost him \$91.

All evidence adduced on behalf of the prosecution was along the line of that given at the former trial when George F. Brunt was on trial for his life, for the killing of Lee.

Rev. H. W. Lee and wife, father and mother of the murdered boy, went upon the stand today and testified to the good habits of their son in regard to sobriety and industry.

Mrs. Lee told the court that he had been the support of their family during the frequent absences of her husband while out on his circuit. Mrs. Lee proved to be one of the best witnesses produced by the prosecution in their endeavor to disprove the statement made by the defense as to the temperate habits of Lee.

When court opened this morning the court room was fairly crowded. The evidence first adduced was given by a number of witnesses, principally from Cadiz, the former home of the deceased, as to his habits as to sobriety.

When court opened this afternoon Mrs. Brunt, the wife of the defendant, was placed upon the stand and with a chart which was placed before her she demonstrated the plat of their home and the scene on which the killing of Lee had occurred. Mrs. Brunt made a good witness.

Mr. Brunt will be next placed upon the stand, and it is thought that these two important witnesses will occupy the greater part of the afternoon.

THE INQUEST.

It Will be Conducted Tomorrow Morn-
ing at 10 o'Clock by Justice
Rose.

The inquest on the death of Motor-
man James Christie will be held in
the office of Justice J. N. Rose on
Thursday morning at 10 o'clock.

The justice will conduct the inquest and up to the present some 15 wit-
nesses have been subpoenaed, both
Constables Powell and Miller being
busily engaged all of yesterday after-
noon serving summonses.

It is probable a number of others

will be subpoenaed between now and
the time set for the taking of testi-
mony.

PALESTINE FIRE.

DECORATING SHOPS OF OHIO
CHINA COMPANY DESTROYED.

F. A. Sebring Places the Loss at \$20,
000, But it is Fully Covered by
Insurance.

East Palestine, Dec. 19.—(Special)—
This morning about 2 o'clock fire
was discovered in the decorating de-
partment of the Ohio China com-
pany's plant and before it could be
extinguished the entire decorating
shop was a total ruin.

F. A. Sebring places their loss at
\$20,000, fully covered by insurance.

As soon as the adjustors arrive and
fix the loss work will be commenced
rebuilding. In the meantime work will
be continued in the white ware depart-
ment.

ELECTED OFFICERS.

The Grocery Clerks Held a Very In-
teresting Meeting Last Night And
Heard a Report.

The grocery and butcher clerks elected officers at the regular meet-
ing last night, and they are as fol-
lows:

President, F. W. Woods; first vice
president, E. C. Finnecum; second vice
president, James Logan; recording
secretary, D. M. McLane; financial sec-
retary, F. G. Kuckert; treasurer, Will-
iam Adams; guide, Charles Brown;
guardian, Orrin Jackson.

The officers will be installed at the
regular meeting the first Tuesday in
January.

A committee was appointed some
time ago to confer with the employing
grocers for the purpose of negotiating
for the closing of their places on
Christmas day. The committee re-
ported that the grocers had held no
meetings, and it was impossible to act
further.

It was decided by resolution that
the grocery clerks should not work
on that day, and that the employers
be so informed.

REARK APPEALED.

He Went to the Court of Justice Mc-
Lane And Asked That the Barnes
Case Be Tried.

Henry Reark, bondsman for John
Barnes, made his appearance at Mc-
Lane's court last evening and wanted
to know when his friend would be giv-
en a trial.

The justice informed him that the
matter was entirely out of his hands,
as Barnes had been bound over to
court. Reark said he would refuse to
stay on his bond, but the squire
guessed he would, and has definitely
decided to allow the case to take its
regular course.

THE HORSE FELL

And the Tongue of John Anderson's
Wagon Was Broken in
Pieces.

John Anderson, who conducts a
dairy near the Riverview cemetery,
had a bad mishap yesterday while
coming to town for his morning de-
livery.

When at a point near the cemetery
one of the horses fell, breaking the
tongue of the wagon completely in
two and injuring the horse.

Mr. Anderson was compelled to un-
hitch his team and bring the wagon
to town for repairs.

DAVIDSON OBJECTS TO SUNDAY WORK

Mayor Wants People to Know
That He Has an Office
In Which

HE TRANSACTS BUSINESS

Don't Want Them Coming to His
House With Their Tales
of Woe

AND HE WILL NOT HAVE IT

Mayor W. C. Davidson has been an-
noyed almost beyond endurance lately
by residents with petty complaints,
and he has determined to put a stop
to the practice of calling at his home
with their troubles.

In speaking to a reporter of the
matter Mayor Davidson said: "I have
no objections to listening to any com-
plaint, no matter how trivial so long
as it is done at the proper time and
place. Why I have left my home many
a night at 3 and 4 o'clock in the morn-
ing to accommodate people, and will
continue to do so, but what I do ob-
ject to is people coming to my home
on Sunday, and annoying me with af-
fairs of little or no importance, that
could as well be attended to on Mon-
day during office hours. Several cases
of this kind have occurred recently,
and it may just as well be understood
first as last."

The mayor devotes his entire time
to the business of the office through-
out the week, and thinks—and right-
ly, too—that it is a trifle out of rea-
son to expect him to listen to petty
quarrels and disputes, usually involv-
ing small children on Sunday.

NEW SUPERINTENDENT

OF THE MANSFIELD REFORMATORY WILL BE APPOINTED.

Board of Managers Held a Conference With Governor Nash Relative to the Matter.

Governor Nash and the members of the board of managers of the state reformatory at Mansfield held a conference at the governor's office on Tuesday to consider the question of the selection of a successor to W. E. Sefton, superintendent of the institution, who has indicated his intention of resigning his position, and whose formal resignation is expected soon.

The choice will probably lie between J. A. Leonard, of Youngstown; H. A. Thomas, of Ashland; T. C. Burns, of Lima, and B. S. Taylor, of Newark. It is thought that Mr. Leonard has the best chance of appointment.

Governor Nash said yesterday that Mr. Sefton is desirous of tendering his resignation on account of ill health. He expressed to the governor his wish to retire from the management of the institution more than a month ago. Numerous other changes will probably follow.

The annual report of the reformatory was submitted to the governor, but was returned to the board of managers for certain corrections. Governor Nash said that nothing is radically wrong with the report, but that there are some minor errors in the footing of columns of figures.

The board will meet at Mansfield today, and it is supposed that the new superintendent will be selected. The report will be formally filed within a day or two.

A PHOTOGRAPH

And a Brief History of the Carnegie Library Sent to Carnegie's Private Secretary.

Secretary Brookes, of the Carnegie library commission, yesterday received a letter from James Bertram, of New York, private secretary of Andrew Carnegie.

Mr. Bertram asked for a photograph of our library and a brief history of the same and what had been done since Carnegie made his gift to the city.

It is the intention to make a collection of the different Carnegie libraries in the country, with a short history of each. The photograph and history was sent to Mr. Bertram yesterday afternoon.

HAD A DISPUTE.

John Cornwall And Alex Chaffin Indulge in an Altercation Over a Debt.

John Cornwall and Alex Chaffin had some trouble yesterday, and as a result Cornwall was arrested this morning.

The latter claimed Chaffin owed him \$2.75 for labor performed some time ago, and yesterday he went after the money.

Chaffin acknowledged the debt, but refused to pay it, and Cornwall followed him about all afternoon and the pair finally brought up in the city proper.

By this time Chaffin began to be alarmed for his safety, as Cornwall was making threats and otherwise abusing him. He went to the office of Justice McLane and had a warrant issued for the arrest of Cornwall. Chaffin then telephoned to the East End for a body guard and went home.

Didn't Arrive in Time.

The Crafts arrived home from Steubenville last night, but the father did not arrive in time to prevent the marriage taking place. He served notice on the judge and squire who performed the ceremony that he proposed prosecuting them.

Young Craft is not of age, but it has been decided to let matters rest as they are, provided the young man contributes to the support of the family.

WINE OF CARDUI

Cairo, Ky., Sept. 6, 1899.

I take pleasure in writing a few lines in praise of your wonderful medicine, Wine of Cardui. It is the best medicine I ever heard of. I am thirty-six years old and have been sick all my life. I had a dozen doctors, but none of them did me any good. I have taken one bottle of Wine of Cardui and will take another with Black-Draught. I have been married six years and have a baby five years old. I had womb and kidney trouble. My monthly period was so bad that sometimes it came twice a month. I was too sick to do work for a family of three. I was in bed when I got the bottle of Wine of Cardui. Now I am up and can do most of my work. When I was sick I could not sleep at night. I sleep well at night now. A friend of mine advised me to use Black-Draught with Wine of Cardui.

TO OUR FRIENDS.

We have friends who are politicians, and they are good and clean men and good citizens. Some of this number are aspirants for office. To all such we sound a note of warning: "Ware the slime of the fellow who claims to hold the labor vote in his pocket, and demands that you shall pay him a stipulated sum for the delivery of the same."

Such a creature is a shame and a disgrace to the American working-man and the average unionist. The genuine American toiler is a student—a reader and a thinker. He thinks and acts and votes to suit himself, within the law, and allows no ward heeler or political wire puller to cast his ballot for him. The sot or drunkard, who allows himself to be bought and sold for a drink or two, is not a representative toiler, by any manner of means. Such a miserable creature is a disgrace to any occupation, and his occupation is of precarious tenure, as no sound or successful business man will employ him if he can obtain better material. Fair warning to our friends, and to politicians who are aiming to secure the votes of honest and honorable men in the various avocations of industry: "Don't permit the professional ward heeler and pot-house politician to bleed you. He cannot deliver the goods. There are several of him in East Liverpool.

ENFORCE THE LAW.

If the Ohio Cigarette Law Was Enforced the Habit Would be Diminished Considerably.

The teachers in the public schools claim the worst form of intemperance with which they have to contend is the cigarette habit. From the number of small boys seen on our streets indulging in this habit it is evident that there are those in our midst not obeying the tobacco and cigarette law, which is as follows:

"Be it enacted by the general assembly of the state of Ohio, that whoever sells, gives or furnishes to any minor under sixteen years of age any cigarette, cigarette wrapper, or any substitute for either, or any cigar or tobacco, upon conviction thereof shall be fined not less than twenty-five dollars nor more than one hundred dollars or imprisoned not less than two nor more than thirty days or both for the first offense, and fined not less than fifty dollars nor more than three hundred dollars, and imprisoned not less than five nor more than sixty days for the second or any subsequent offense."

Passed March 17, 1896.

There are those now interesting themselves in this matter and it might be well for violators to take warning.

KNOCKED HIM DOWN.

He Grossly Insulted a Woman And Was Promptly Punched in an Elaborate Manner.

A resident of East Liverpool got into trouble lately in consequence of his nasty use of an unruly tongue. We have it from good authority that the said resident stepped into a place of business in the lower part of the city, and took occasion to apply some very vile epithets to the lady in charge of affairs. She naturally resented the insult vehemently and reached for a revolver, when the fellow, evidently fired with Dutch courage on account of the booze he had imbibed, launched forth in a tirade too filthy for publication and far too dirty for a civilized being to make use of. There was a colored man present, and, to his honor be it said, he promptly knocked the blackguard down, and ejected him from the place.

The boozier and woman insulter then made his way to the residence of Mayor Billy Davidson and desired to make an information against what he termed his assailant. But one of the rules of Mayor Davidson's official life is never to take the complaint of a drunken man or woman, and the fellow, who is quite prominent in this city, was compelled to go without the gratification of vengeance.

When he sobered up, he had somewhat better sense, and he discovered that he was in a very nasty predicament, as the husband of the lady was on the warpath and there was blood on the moon. And now it is said that it required all the influence of certain interested parties to avoid very serious consequences, and the full airing of the affair in our police courts. Truly, booze makes blackguards out of men who might otherwise be considered decent and respectable. The sooner the lid of secrecy is lifted from the actions of such so-called men the better for society at large. This paper is no respecter of persons when it comes to a matter of good citizenship. The law-abiding, honest and sober laborer is just as good a man as is the millionaire; and he is a thousand fold better man and citizen than the man of wealth, if that man of wealth be a drunken blackguard and woman insulter. If the law permitted us to do so, we would be glad to publish the name of the fellow in question.

A GOOD APPETITE.

Councilman John Arnold Tells a Good Story on a Witness in the Reynolds Case.

Freddie Grim, of the Klondike, was one of a party of East End people who attended the trial of William Reynolds at Lisbon the other day, and Arnold is authority for the following:

The party put up at one of the Lisbon hostleries and upon retiring the young man complained of being hungry. He had never eaten at a hotel before and said he was not on to the new fangled methods. The official assured him he should be taken care of in the morning. When breakfast time came the guests of the hotel were entertained for about an hour while Grim consumed the following layout:

Sixteen wheat cakes, 6 cups of coffee, 2 pints of milk, 3 bowls of rolled oats, 1 plate of bread, 4 steaks, 6 sausages, 4 plates of potatoes.

Freddie was then able to attend court.
